INTERVIEW ALICE VANCE
CONFIDENTIAL // FORENSIC INVESTIGATION RECORD

INTERVIEW TRANSCRIPT: ALICE VANCE
Case: Meridian Tech Data Leak
Date: October 13, 2024
Interviewer: Detective Marcus Reed, Corporate Security
Interviewee: Alice Vance, Lead Software Engineer

[09:30 AM] REED: State your name and position for the record.
[09:30 AM] VANCE: Alice Vance, Lead Software Engineer at Meridian Tech. I've been with the company for four years.
[09:31 AM] REED: Alice, where were you on the night of October 12, 2024, between 9:00 PM and midnight?
[09:31 AM] VANCE: I was at my desk on Floor 3 the entire night from 9:30 PM until midnight, working on the quarterly release notes. I did not leave Floor 3 once during that window.
[09:32 AM] REED: Did you enter Server Room B at any point yesterday evening?
[09:32 AM] VANCE: Absolutely not. I did not enter Server Room B yesterday. I haven't been in the basement server vault for at least two weeks. My badge shouldn't even show any activity down there.
[09:33 AM] REED: Did you notice anyone unusual on Floor 3?
[09:33 AM] VANCE: I saw Bob Chen around 9:15 PM in the hallway, and David Wright, the electrical maintenance contractor, was working on the conduit near the breakroom around 9:40 PM.
[09:34 AM] REED: Did you download or transfer any files from the customer database?
[09:34 AM] VANCE: No. All database exports require two-factor authentication, and I never initiated any data transfer.
[09:35 AM] REED: Thank you, Alice. That is all for now.
